Dear Larry:

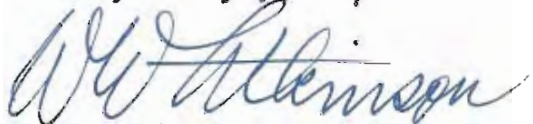

Please accept my sincere congratulations on the splendid achievement of the Health Department in winning first place in the 1961 national Samuel J. Crumbine awards competition.

This accomplishment reflects outstanding credit not only to yourself and your competent staff but to the City of Albuquerque as well.

This award is all the more significant in the light of the splendid showing made by our Health Department in the same competition two years ago.

I am sure that I express the appreciation of the entire Commission and of the community at large.

Very truly yours,

Thank you, also, for the other paper you sent.

Your receipt of the Distinguished Public Service Careers Award this week is an appropriate culmination of your public service.
